For the duration of the verification, the authorised person and the verified team have access to all data (upload, download, changes). After completion of the project, this platform will be switched to "read-only mode" for all participants. This ensures that the verification can be retraced unchanged at a later date.

In the course of new exhibitions, the teams entrusted with the project will be given access again and, if necessary, the access data will be changed.

The applicant takes note of the process flow of the conformity assessment programme according to M-Doc 26 and is aware of the associated obligations to cooperate.
